

Spend a day in the life of a researcher

Corporate Discovery Days

Corporate Discovery Days at Harry Perkins Institute of Medical Research

Put on a lab coat and step into our world-class medical research laboratories.

Experience an interactive corporate social responsibility program with a difference. Through active participation and collaboration, your team will be immersed in the world of medical research.

The Perkins is not only a state-of-the-art medical research facility, we are also a charity. Help fund the research that delivers better health outcomes to your community.

What to expect

The day consists of interactive experiences designed to give you an insight into the Perkins.

These include:

- Conducting experiments in a medical-grade research lab
- Participating in collaborative workshops
- Behind-the-scenes guided tours
- Talks with Perkins researchers
- Catered morning tea, lunch and non-alcoholic beverage

Benefits to your organisation

- Build staff commitment, engagement and energy
- Encourage teamwork
- Increase staff loyalty and morale
- Support leadership development
- Reinforce creative thinking and your ability to work as a team
- Demonstrate corporate social responsibility
- Reinforce a healthy corporate culture

Cost per staff
member is \$100

This fee supports
vital medical research
and covers costs
required to manage
your experience

Get in touch
